THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, NOVEMBER 17, 1869

THE STANDARD.

We have seldom noticed the *Standard* in its fierce assaults upon us, because we had no idea of allowing Gen. Littlefield to fight us with his men of straw, whether under the name of N. Paige & Co. or J. B Neathery & Co.

Nine months ago John Neathery, by insuendo, charged us with burglary, asking what we knew of the store house of Burrows Cheek, being entered in the night and money and checks abstracted therefrom.—Burrows Cheek, wrote to the *Standard* that his house had never been entered, neither check or money had been stolen from him, and that he had never heard of the burglary until he saw it in the *Standard*.

Three weeks after the letter to the *Standard*, Cheek writes, telling us he had written the *Standard*, but his letter had not been published. Major Gales, at that time our assistant Editor, thought it all-important that we should reply to the *Standard's* grave charge of burglary. We heard of Major Smith, President of the North Carolina Railroad, saying, "the *Standard* got Turner when he charged him with house breaking."

The present Editor of the *Standard*, Mr. Pike, before we had ever known him, or said a word of him, came with the speaker of the House, armed with pistols and clubs, to take our life. The Speaker himself threatened to "shoot us on sight." But we have heard of Pike's expressing regret and shame at the part he bore in the attempt to mob us. Of the assassins who fired upon us at night, we have nothing to say; we believe they belong to the damnable secret League, whose members, for larceny, rape, murder and all manner of crime, fill the jail houses of the State. If we have been guilty of crime or that which is dishonorable, it will be proven on us; we defy all accusers; we invite them to testify against us, and tell all they know.

There is one thing our assailants may be sure of, we will not told our arms in silence and see Littlefield, Abbott and a set of unprincipled carpet-bag invaders, who have the countenance and support of every branch of the government—Executive, Judicial and Legislative, rob the Treasury and sell out the property of the State, as Littlefield & Co., have done the State of Florida.

We mean to teach the people that the Governor, the Judges, and the members of the Legislature, who walk arm in arm on Fayetteville Street with Littlefield, drink his whiskey, and accept his presents, are no better than Littlefield. He and the carpet-baggers have put a system of Railroads upon the State of Florida, such as he put upon North Carolina at its last session; whiskey and money did it for Florida, but there were a majority of negroes in *her* Legislature; whiskey and money did it for North Carolina, she had a majority of *white* men in her Legislature.

That the people may see (for their Legislature will not,) we copy from the *Floridian* an item for their information:

"CIRCUIT COURT.—The Fall Term of Leon Circuit Court, Judge White presiding, commenced on yesterday.

The Grand Jury, numbering 23—12 colored and 11 whites, was called. Several were excused and rejected, so that when sworn in, they numbered 18—9 whites and 9 colored. There are rumors afloat to the effect that the jury was *packed*, and for this reason a motion would be made to quash it. Considering the manner in which the Grand Jury is drawn, if the law was strictly complied with, we do not exactly see how it could be *packed*, unless there was a vast amount of bribery accomplished. We have been told that the matter of bribery at the last session of the Legislature, wherein certain well-known members were concerned, and which is said to have been done by one M. S. Littlefield to secure the passage of a Railroad bill, which has been sufficiently ventilated (we mean the bill) in the *Floridian* to enable the public to know its nature, and the fraud afterwards committed in altering said bill, will be brought before the Grand Jury at its present sitting. We think it the duty of the Jury to examine into this grave matter, and if the evidence can be procured to justify a presentment, the guilty parties should be indicted."

Littlefield, Col. Heck, and others, were presented by the Grand Jury of Wake, because of the Penitentiary Fraud, and money paid to Littlefield to procure the appropriation of $2,000,000 for the Chatham Railroad; the terms of the presentment of Littlefield were for "using money and whiskey in efforts to bribe the Legislature." On Thursday of Court, in five minutes after the Grand Jury made the presentment, Judge Watts adjourned the Court without giving time to draw a bill. Would a Judge to whom the honor of the State was dear, have done so?

Would a Judge who valued purity of the Judicial ermine, have done so? We pause for a reply.

We add yet another item from the same paper, (the *Floridian*,) all for the information of the people (for neither the Governor, the Legislature, nor the Judiciary will hear; "they will not consider.")

"STATE OF FLORIDA, } ss.
Duval County, }

On the 8th day of October, A. D. 1869, before me Charles L. Mather, Clerk of the Circuit Court in and for said county, appeared Sherman Conant, a citizen of the State of Florida, who, being duly sworn says: That on or about the 15th day of June, A. D. 1869, during the session of the Legislature, at its special term in June, deponent read a letter written by George W. Swepson, and addressed to Harrison Reed, Governor of Florida; that deponent knows the handwriting of said Swepson, and the signature was of the said Swepson; and said letter stated that it would be delivered to said Reed, Governor, by Milton S. Littlefield, and further stated that said Swepson had paid the said Reed, Governor, five thousand dollars in New York city, some time before, for which he, the said Swepson, had taken a mortgage on the said Reed's property in Tallahassee; that said Littlefield would return to him the mortgage and would pay said Reed seven thousand dollars on his approval of the bill or act which the said Littlefield would have introduced into and passed by the Legislature; that according to this deponent's best remembrance and belief, the contents of said letter were as follows: "You remember, Governor, our agreement in New York. I was to give you fourteen thousand dollars for calling the Legislature together and using your influence to secure the passage of the bill. Five thousand I paid you in New York, for which I hold mortgage on your property in Tallahassee. Two thousand Mr. Littlefield will hand you when he reaches Tallahassee. When you have signed the bill he will give your seven thousand dollars and return to you your mortgage."

That there is a mortgage on record in Leon county of the property in Tallahassee, mortgaged by the said Reed to said Swepson, and that shortly before the recent departure of said Reed to the North, according to the best knowledge and belief of the deponent, the said Reed inquired of the Clerk of the Circuit Court of said county if the said Swepson had not sent a release of said mortgage for record, stating that it had been paid and that he, the said Swepson, had promised to send the Clerk a release of the same for record; that a true correct copy of said letter from said Swepson to said Reed was at the time hereinbefore mentioned made, and the same was sworn to before a duly appointed and lawfully authorized Notary, and that the same is now in existence.

SHERMAN CONANT."

Having gone this far in Florida matters, we add the comments of the Editor; they may put our Governor to thinking on the late lease and the contemplated sale, of the North Carolina Railroad, for that, with some, is the only matter now before the Legislature:

From the Floridian.

GRAVE CHARGE AGAINST THE GOVERNOR OF FLORIDA.—We print elsewhere a communication embodying an affidavit made by Maj. S. Conant, which affidavit appears to have been filed among the papers in the suit brought by Jefferson county to recover back the stock owned by that county in the Pen. & Georgia Railroad. We cannot see the relevancy of such an affidavit in such a suit. The Florida *Union* may be right in ascribing to the whole thing an ulterior object. That, however, is a matter with which we have not much to do at present. The thing is not of Conservative or Democratic origin. Maj. Conant, who makes the affidavit, is a "true blue" Republican, and the *Union* and *Sentinel*, the two leading Republican papers in the State, have given to the matter notoriety by their comments. Looking at the matter, however, from an impartial stand point, our conviction is strong that the two papers referred to make a great mistake. Grave charges like those embraced in the affidavit in question cannot be "whistled down" by sneer or innuendoes. Allegations *of facts* cannot be disposed of by simulated indignation. Maj. Conant stands unimpeached as a gentleman. It won't answer for the *Union* or the *Sentinel* to seek to discredit his testimony by intimations that he did not know what he was swearing to. An intelligent man like him is not apt to make a solemn affidavit ignorantly. And we might as well say that our correspondent is right. Some one has got to deny the charges, in as solemn a manner as they have been preferred, or they will be most likely to be taken *as confessed*."

Littlefield and Dr. Hawkins have been for selling the North Carolina Railroad; but they failed in their efforts at the last session. Dr. Hawkins was near consummating a lease for twenty years, which every Stockholder scorned. The Governor at one time favored the lease, but when he found it was odious, he fled from it. Gen. Ludlin, State proxy, was, and is now, opposed to the lease; he was removed; Mr. Badger, a cousin of Dr. Hawkins, was made State proxy; Mr. Badger was said to favour the lease. Littlefield has millions of State Bonds in his possession; we think he would not hesitate to give half a million to the Governor and Legislature, for their influence in the sale of the Road.

We say every man informed of Littlefield's Florida and North Carolina operations, who dares talk about the sale or lease of the North Carolina Railroad, should be looked upon with suspicion.

The sale, if it be made, is to enure to his benefit; he has made enough, let him be halted in his avaricious career.

Judge Brooks by an order of Court forced all Bankrupt advertisements to be made in the *Standard* this order was worth from sixty to eighty thousand dollars to Littlefield's paper. The Governor, after the Grand Jury presented Littlefield, made him State Printer. Pike says the State printing is worth one hundred thousand dollars. History will write down the Judge and the Governor as the great friends and patrons of the *Standard* under Littlefield when Littlefield was corrupting and plundering the State.

We have finished all we had to say, for the present. We have said nothing in malice, but all in earnest. Carpet-baggers must go home or quit plundering, and at the same time crying treason in the very houses of the men whose hopitality they are enjoying.

ATROCITIES OF THE LEAGUE.

Joseph S. Pinnix, Esq. lives one mile west of Yanceyville; some 50 bushels of his wheat was stolen at different times; he finally caught the thief and had him bound over to court. A few nights after the arrest and binding over, the house of Mr. Pinnix was set on fire; who did it? It was a colored man by the name of Lawson, who was arrested and bound over for stealing the wheat of Mr. Pinnix. This man Lawson is a horse-back man in league processions; when the leagues march in public he is mounted and girt with sash and sword, giving indications of high rank in these deas of larceny. It may be, Lawson is vice President of the League and ranks next to the Governor, the President. We care not what his rank is, it is duty of the Governor, as President, to destroy and dissolve these secret societies of which Lawson is a member. When a secret society goes to lynching the leaguers for larceny, the Governor will send for United States troops or call out his militia. This is not the remedy, let him send Littlefield, Estes, Laflin, Brower, Martin, Heaton, Menninger and all such leaguers, back home and then dissolve his diabolical larceny committing Leagues, and peace, blessed peace will come again.

The Governor has appointed E. S. Woodford Timber Inspector for Wilmington, in place of the man, Dupong, who stole the stores from the Cuban ship, while in charge of that vessel.

THE LEGISLATURE—THE MESSAGE.

The Legislature organized yesterday. At twelve o'clock the Governor's Message was received.

We have hastily read this Document, which will be found in another column. There was never less interest felt in regard to a forthcoming message from any Executive of the State heretofore. There is nothing striking, original, or new in it. It is but the echo and substance of what has appeared in the editorals of the *Standard* for the last three years.

The great question which has mostly exercised the Governor's mind for the last six months is entirely ignored. This, to us, is most astonishing, for the Governor is looked upon here as a candidate for the U. S. Senate, and is shrewdly suspected of favoring the opinion that the present Legislature was chosen for four years instead of two, as the Constitution provides, and he is said to be relying on this Legislature to elect him.

The Governor may, indeed, be said to have issued two Messages yesterday—a double headed Message—one signed, "W. W. Holden," sent in to the Legislature, and one signed "X. Y. Z" published in the *Standard*.

The Message signed X Y. Z., suggests prompt action, and says, it may be necessary for this Legislature, on Tuesday next, to elect a U. S. Senator, and informs members that they were elected for four years.

Take the two Messages together and we have the Governor; we have something progressive, stirring, and new.

We shall have something more to say of these Messages hereafter.

PROCEEDINGS of the Legislature for yesterday are necessarily omitted to-day, to make room for the Governor's Message—They will appear to-morrow.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERLY, Prin. Clas. and Math. School, Elizabeth City, Oct 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. ENGLISH Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 25, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. R. SMITH, Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introductions.—G. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Math-matics was adopted by me in 1838, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUDGEN, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's (No, 4) into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALBERT SMEDES, D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteiths and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others which these could be obtained.—Dr. WM. B. HARREL, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. WM. BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSE, Prin. Durham Academy.

Will introduce the Universal Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—DUNCAN IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. OBERHOLTS, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BERNHEIM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series I regard a gradual but thorough and systematic progression.—Prof. Jos. H. FOX, President Stanton burg scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Readers, Copy Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bangham, Cary P. O., uses the National Series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H. MERRETT, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *American*, 1866.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—Western *Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

When we examine the bright pages of the National Series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

New Advertisements.—See advertisement of land for sale, by Henry Mordecai.

Birds—patridges, fine fat fellows at W. C. Stronach & Co's. Already prepared for cooking. We've seen 'em.

Lecture before the Memorial Association.—We are greatly gratified at being able to announce that our citizens have the prospect of an elegant literary repast before them. At the instance of the Ladies' Memorial Association of this city, Prof. S. Adams Lee, a relative of Gen. Lee, and a gentleman of high cultivation and of wide-spread reputation in the field of letters, will deliver a Lecture, in the course of a few days, in furtherance of the noble purpose of the Society. The time and place will probably be announced to-morrow.

Capt. Lee (who was a gallant soldier of the "Lost Cause,") is at present Professor of Belles Lettres in Rhett's Female College. He has achieved an exalted reputation as a scholar and a writer. The American Editor of Leigh Hunts' works, his introductory essay to the Poems has been commended by Tennyson, Donall G. Smith, Simms, and the best European and American journals, as one of the first pieces of criticism in the language; and his other contributions to the *repertoire* of our Literature have secured for him honorable membership in a number of Literary and Historical associations. His abilities as a Lecturer are said to be of the best order, as the following, which we clip from a contemporary, will show:

"The Lecture of Capt. S. Adams Lee on the subject of "God and the Ocean," before the Dunbar Female Institute, on Friday night, was really grand. It was a delightful intellectual feast. What was chiefly remarkable about the lecture was the entire absence of weak points. It opened magnificently and was sustained throughout to its eloquent peroration. One of the passages in the body of the lecture struck us, at the moment, as equal to any we had ever heard or read. A gentleman of fine literary taste pronounced it finish as a notice of this lecture, which would have been worthy of its merits, but was prevented by press of business, and we have to regret our own inability to do justice to it.—Capt. Lee will deliver another lecture before the Dunbar on Friday night—subject, "Joan of Arc."

Independently of the literary treat which they may anticipate, our citizens have here another opportunity of aiding our noble ladies in prosecuting their work of love and patriotism. Let us eagerly avail ourselves of the opportunity, and show, *by our acts*, that the memory of our brave fallen friends and kindred is still fresh and fragrant with us.

Sale of City Property.—The Clayton property, known as the Livery Stable lot, on Wilmington street, east of Market Square, was sold yesterday (Tuesday) according to advertisement, and brought $12,000. It was divided into three lots, two of which were purchased by B. P. Williamson, Esq., of Raleigh, for $4,000 each; the other by a Mr. Lee, of Johnston county, for the same price. The old buildings on the lot were knocked off to Mr. George W. Wynne for $325.

The above prices are considered good.

Sermon on Peace.—Robert Douglas, of the Society of Friends or Quakers, will preach this (Wednesday) evening, in the M. E. Church, on the subject of Peace. He is represented as an able man, and an entertaining speaker.

The Fair.—We are requested to say that should this day (Wednesday) prove inauspicious for the trotting at the Fair Grounds on account of the rain, the opening will be postponed until to-morrow.

At the late Fair Mr. John G. Arrington of Nash, to whom was awarded the premium for the best game chickens, left with us a pair to be sent by Express to Brick Pomeroy. Brick received the chickens and called the cock "Bob Lee."

The North Carolina games were exhibited in Pomeroy's office. Brick reports that "Bob Lee" crowed twice upon his entering the room and then walked up and stood by him with as much composure as General Butler would stand by a Case of Spoons.

Nash beats the world for game cocks, and Gid Arrington can beat the balance of Nash. Mr. Arrington read at the Fair an interesting paper on poultry and poultry raising. So Nash they read Pomeroy's paper, and no doubt the Governor thinks them disloyal for doing so.

Another Outrage.—A negro named Charles Rea, says the Charlotte *Democrat*, aged about 18 years, was committed to jail in Charlotte, on Saturday, the 6th inst., for attempting to violate the person of a white girl, about 12 years old, daughter of Mr. J. C. Petty, near Charlotte. The father of the girl happened to hear the cry of his daughter after the negro had thrown her down—he actually saw his daughter before she could get up, and yet he did not kill the villian, but brought him before Squire Martin for commitment to jail.

Self Advertised.—PHALON'S VITALIA OR SALVATION for the Hair carries with it its own best advertisement. As the light shines through the bottle you see that the liquid is clear as the azure of heaven. You smell it and find the odor agreeable. You apply it and it changes gray hair to any natural shade without soiling the scalp or producing headache. Nothing can be more harmless.

The Louisiana Equitable Life Insurance Company of New Orleans.—This is one of the very best companies in the country. It has the endorsement of Bishop Wilmer, Gens. Beauregard, Hood, Harry Hays and the leading men of New Orleans. General Beauregard says: "Its Officers and Directors have been selected from our most reliable and intelligent citizens.

Instead of sending $40,000,000 annually North, our citizens can find better companies at home.

Joseph Ellison, President, New Orleans Louisiana.

GOVERNOR'S MESSAGE.

Executive Department, Raleigh, Nov. 16, 1869.

To the Honorable, the General Assembly of North Carolina:

Gentlemen:—I congratulate you on your return to the seat of government, to resume your legislative duties. There is much important business which will claim your attention. You will doubtless proceed to the consideration and dispatch of business in a calm and dispassionate spirit, and with an eye to the good of the whole people of the State. It is made my duty by the Constitution to "give the General Assembly, from time to time, information of the affairs of the State," and to recommend such measures as I shall deem expedient. I propose to perform this duty in a plain and candid manner, with the assurance in advance that I am prepared at all times zealously to co-operate with you in all measures which you may deem most advisable and most salutary for the State and for our common country.

STATE DEBT AND FINANCES.

The most important subject which can engage your attention is the State debt and finances.

The amount of the State debt on the 1st October, 1869, is as follows: Ante war bonds, $8,378,200. Post war bonds, not special tax, $8,836,845; making $17,215,045. The post-war bonds are such as have been issued since the rebellion under funding acts, on such as were authorized by law before the rebellion. This debt is known as the "old debt."

*Bonds issued to Rail Road Companies, the payment of the interest on which is provided for by special taxation, are as follows: To the Williamston and Tarborough Rail Road, $300,000. To the Western Division of the Western North Carolina Rail Road, $6,267,000. To the Eastern Division of said Road, $273,000. To the Wilmington, Charlotte and Rutherford Road, $1,500,000. To the North Western North Carolina Road, $1,080,000. To the Western (Coalfield) Road, $1,320,000. To the Atlantic, Tennessee and Ohio Rail Road, $1,760,000; making $12,600,000. Total bonded debt, $29,815,045. To this may be added of bonds not issued $4,280 000, making a total of the bonded debt and of bonds to be issued, of $34,095,045.

The interest on the special tax bonds is being paid. I regret to state that the Treasurer has been unable to meet the interest on the old bonds. It will be necessary to fund the interest due on these bonds, and it is for the General Assembly to decide for what time the interest shall be funded. The fact that the State made an effort to pay this interest and failed, certainly proves a disposition to pay, and the funding, by compounding and increasing the debt, thus adding to the burdens of the people and throwing new bonds on the market to compete with others already sold, will greatly stimulate the disposition which exists to meet this interest.

We are able to pay the interest on the whole of this debt, and those who will come after us will be abundantly able to discharge the principal. The State of Pennsylvania, twenty-five years ago, was as much embarassed with her debt as we are with ours, and her good name was in danger of being clouded by repudiation.—But she met her responsibilities boldly and in good faith; her best men united to sustain her credit; her people submitted cheerfully to the taxation necessary for this purpose; and the result was her faith was maintained, her great resources were developed, her population increased, her wealth doubled and quadrupled, and now she would not be embarrassed with a debt of one hundred millions. North Carolina has as many natural resources as Pennsylvania. Our debt has been incurred to improve our condition—that is, in the first place, to commence and continue certain lines of railway, and secondly, to finish these lines, as provided for in the Constitution. The amount thus expended has already been of incalculable benefit to the State What, if the Wilmington and Weldon Railway had not been constructed?—What, if no Railroad had gone to the sea from Goldsborough? What, if the Raleigh and Gaston Road had not opened the rich cotton and tobacco region from Wake, Franklin and Granville to Weldon, and thence to Petersburg and Norfolk? What, if the North Carolina Railroad had not stretched itself out as a great life-supplying artery from Goldsborough to Charlotte?—Must we pause in our career? Is not the enterprising city of Wilmington to be placed in connection with Asheville, and thence with the Mississippi valley? Must our great Western Railroad halt at Swananoa Gap, or at Asheville? No, gentlemen, *all* our great works must be completed. We must go on. We can not recede. We must pay the interest on our bonds, and thus keeping faith and at the same time putting our bonds at such a figure as they should command, the various Railroad Companies can dispose of those they have in hand, realize the money for them, and press their works to completion.

The present State debt should not, and, I believe, will not be increased. This is the dictate alike of justice and sound policy—justice to our creditors, and sound policy, because to increase the debt would be to oppress the people. But the debt has been honestly contracted; our bonds have been put on the market; they have been sold, and we have received the money for them, and we are bound in every way in which a State can be bound to *pay the debt*. The debt is obligatory under both the old and the new Constitution, and it has been sanctioned, and its payment will be sustained as a sacred duty, by the Supreme Court of the State. Under the Constitution, and under the decision of the Court, which is the highest known to our Constitution and laws, the whole property of the State is held to meet this debt, both new and old. Let us, then, meet it like men and North Carolinians. Let us hear no whisper even of repudiation. Let every citizen of the State resolve that nothing shall be done and nothing omitted which will cast a doubt on our purpose to pay this debt. Compared with many other States we are poor in developed resources and poor in means; but let this comparative poverty be honorable,—let us not add to it the crime of dishonesty, and, by destroying our good name with our credit, cut ourselves off from all hope of improving our condition. There is great hope for us in the future; but this hope is based on our integrity as a people and on our purpose to meet all our obligations, no matter how heavy the burden may seem for the present. Repudiation would not stop with the State debt. It would extend itself to the national debt, to corporation debts, to individual debts and to private contracts. There would be no confidence between man and man. The credit system would be destroyed. The result of all this would be, not only a practical loss to the people of the State of more than the amount of their present debt, but a stigma of reproach and disgrace which would cling for ages to the character of the State.

I invite your special attention to the report of the State Treasurer, herewith transmitted. I take pleasure in bearing testimony to the able and faithful manner in which this officer has discharged his duties; and I trust your honorable body will give due weight to his suggestions and recommendations.

I respectfully recommend, first, the most rigid economy in the public expenditures; and secondly, that the Public Treasurer be relied upon by your honorable body to manage the financial concerns of the State in such manner as he may deem best, under your direction.

PUBLIC INSTRUCTION.

Your attention is invited to the Report of the Superintendent of Public Instruction, with accompanying documents, herewith transmitted. That officer, and his assistant, the Rev. J. W. Hood, have been active, zealous, patient and faithful in their responsible duties, and deserve therefor the thanks of the people of the State.

The system of public schools contemplated by the Constitution, and provided for by law, is nearly ready to go into operation. In most of the counties the requisite school officers have been elected and qualified.—Teachers will be engaged and schools opened whenever Township and County authorities are notified of the apportionment of the school money, which has just been made for the ensuing year by the Superintendent of Public Instruction to the amount of $165,290 50. A few schools have already commenced. The General Assembly, at its last session, appropriated $100,000 for school purposes, which sum is to be added to the capitation tax and apportioned among the counties of the State. The census of 1868, which was taken by the County Commissioners by direction of the Board of Education, shows that the school money must be distributed among 230,581 children. The amount of the capitation tax cannot be determined until the final returns of the Sheriffs on the 1st of next month.

I cannot too earnestly urge on the General Assembly the importance of sustaining the free public schools. Every hope for free government depends on the education of the masses. Taxes for such a purpose should be cheerfully paid. This is a subject upon which all can agree. We can all unite in earnest efforts to educate the rising generation, and thus make the State powerful and respected through the intelligence and general knowledge which will characterize its people.

The Swamp Lands vested in the Board of Education, still remains unsold and unproductive. It is recommended that the Board of Education be authorized to dispose of these lands. If the Board should be authorized to offer them for sale in parcels, or in a body, inquiry concerning them will be stimulated, and advantageous sales may be effected.

The University of the State claims the special attention, and is entitled to the fostering care of the General Assembly.—There is now at Chapel Hill a Faculty consisting of a President and four Professors, who are able and experienced teachers. The establishment of Schools or Colleges, implied in the University system, will require the appointment of several additional Professors. A complete University should at once be organized. The Constitution contemplates a University, which is an assemblage of Colleges, and not simply a College; and in such a University every thing should be taught which will fit the students for the varied callings and employments of life.

The Trustees of the University will organize the colored department as rapidly as their means will permit. This department is no only a matter of justice, but of necessity. Our colored fellow-citizens are entitled in proportion to their number to equal consideration in this respect with the whites, and I am sure the General Assembly will make as thorough provision for the former as for the latter.

The proceeds of the land scrip donated by the general government to the State, and given by the State to the University to establish an Agricultural College, have been received by the Trustees and invested in State bonds. The amount invested is $254,000, which will yield annually $15,240. This income must be appropriated to a department of Agriculture and the Mechanic Arts, and will not, therefore, afford any support to the University proper. The investment in State bonds has doubled the fund, which is so much clear gain to the State and to the cause of learning.

The Board of Education, by authority of law, has disposed of its stock in the Wilmington and Weldon Road and the Wilmington and Manchester Road. The amount received for this stock was $153,-000. This amount has also been invested in State bonds, and is now $454 000, yielding an annual income of $27 240. The amount originally invested in these Roads, of the deposit money from the general government in 1836, was $600,000, for and in behalf of the Literary Fund of the State. Under the present Constitution these stocks were vested in the Board of Education; and the amount thus realized for them does not fall very far short of the original investment, while the income is larger and more certain than it was at any period from the corporations referred to.

I can not close this part of my message without earnestly appealing to the General Assembly to aid the Trustees in sustaining the University. This time-honored institution should not, in any event, be neglected. Our young men should be educated at home. To provide for this in a manner every way suitable and proper should be a leading object with the General Assembly, as it is with the Trustees of the institution.

INTERNAL IMPROVEMENTS.

I do not deem it necessary to repeat the views expressed in my last annual message on the subject of internal improvements. The whole people of the State are committed in principle, in interest and in feeling to the various works, whether completed or in course of construction. All the completed works are paying expenses, and one or them, at least, in which the State is largely interested, gives promise of a handsome dividend.

The North Carolina Rail Road, extending from Goldsborough to Charlotte, is the most important work in the State. With the Atlantic Road, from Morehead City to Goldsborough, and the Western Extension, from Salisbury to Paint Rock, it will constitute a trunk line from one of the finest harbors on our coast to lines of railway connected with the Mississippi valley and the Pacific coast. With the Raleigh and Gaston Road, from Raleigh to Weldon, it will afford the same path for travel and freight from the Pacific coast and the Mississippi valley to Norfolk, and the markets of the world. United with the Wilmington, Charlotte and Rutherford Road at Charlotte and the latter with the Western Extension at Asheville, a channel of communication will be opened from Wilmington to Asheville and Paint Rock, and thence with the Great West and the Pacific coast, which will benefit immeasurably the region through which these lines will run, and add constantly and permanently to the prosperity and wealth of Wilmington. The Fayetteville or Coalfields Road is on the way to Greensborough, or Salisbury, or some intermediate point on the North Carolina Road; while the Northwestern Road, from Greensborough to Salem and Mount Airy, will in due time pour the rich products of the Yadkin into the North Carolina Road. This latter Road is, indeed, the "*North Carolina Road*." Its management, by its President, Mr. Smith, and the Board of Directors, has been able and efficient. Its debt has been reduced, its condition in every respect has been improved, and it is believed it will be able at the next annual meeting of the stockholders to declare a handsome dividend. I doubt the policy of leasing or selling this Road. At a meeting of the stockholders of this Road, held in Raleigh on the 11th instant, to consider propositions to lease it for a term of years, I felt it to be my duty to announce through the State proxy that I was opposed to leasing it to any parties whatsoever. I pursued this course in the absence of instructions from the General Assembly. While your honorable body would have no power to direct a lease against the wishes of the private stockholders, whose rights are secured by the charter, yet any opinion you might be pleased to express in the name of the people on the subject, whether for or against a lease, would have great weight with the Executive and the private stockholders.

THE MILITIA—LAW AND ORDER.

Attention is invited to the Report of the Adjutant General, herewith submitted. This officer has performed his duties faithfully. I trust his suggestions will meet the approval of the General Assembly.

Under the present militia law the Executive is comparatively powerless to enforce the laws. These laws should be amended, so as to give the Executive the authority to embody promptly such a militia force as will enable him to repress violence in certain localities and maintain the peace.

Numerous complaints have been made to me of violence and mob law in certain Counties, by parties who ride at night armed and disguised, and assume the right to regulate neighborhoods by injuring, insulting and punishing inoffensive white and colored persons. There is no safety for any citizen outside the law. The civil law must be maintained. Men who put on disguises, and ride at night and break open houses, and molest, terrify or injure peaceable citizens, should be seized and punished. They are neither good citizens nor honest men. They are ready at any moment to act the part of outlaws and murderers; indeed, by thus disguising themselves and using deadly weapons to execute their purposes, or to sate their feelings of resentment and vengeance on any portion of the people, they proclaim themselves outlaws and enemies to society, and should be dealt with accordingly. Secret political organizations have existed, and will exist always. Whatever we may think of such organizations, or however we may regret the necessity for them, it is not to be expected that we can get rid of them. They are comparatively harmless as long as they are pacific, and do not infringe the rights of others. But when they resolve themselves into military organizations, and take arms, under whatsoever pretext, to regulate neighborhoods and to dispense and execute such law as may be conceived only by themselves, they become dangerous to society, and all good citizens should unite to put them down. In a matter so grave as this, involving as it does life and property, there should be no party feeling. I can not believe that any party in this State countenances or would uphold these midnight marauders, who go masked like cowards, the better to conceal themselves in their nefarious work and to escape the detection and punishment they deserve. Least of all can I believe that any brave Confederate soldier, who retired from the army and submitted in good faith to the authority of the nation, would unite himself with such men, and thus bring disgrace on himself, his family and friends.

I trust the General Assembly will at once so amend the militia law as to authorize the Governor to call out for active service as many substantial white citizens as may be necessary in an emergency to enforce the law and to put down these midnight marauders. It would not be advisable to employ colored militia only in certain localities for this purpose. The outrages referred to are confined almost exclusively to Counties in which the white and colored populations are about equal in number, or in which the whites have a small majority. To call out the colored militia alone in these Counties would be unjust to the colored race, and would give a pretext for increased exasperation among certain whites against the colored people; but as the law now is, any one who may be ordered to perform service in the Detailed Militia may pay two dollars for exemption therefrom and evade service, thus imposing the burden on volunteers, or on such as can not pay that amount.

It is to be regretted that the army of the United States has been so reduced by the action of Congress that a larger number of federal troops can not be spared at all times for this State. The presence of a regiment of infantry, and four companies of cavalry, stationed at different points, would have a most salutary effect in repressing these outrages and maintaining the peace. It is not doubted, however, that, in an emergency, any number of federal troops that might be required would be promptly furnished. No "war of races," as it is called, will be permitted in this country. No organized resistance to established authority would for a moment be tolerated. The national government, so ong to protect and jealous of the rights and liberties of those who are supremely attached to it, is over all, and would not be slow in an emergency to vindicate its power, and to visit with condign punishment the insubordinate, the treacherous and the guilty.

IMMIGRATION AND AGRICULTURE.

Attention is especially invited to that portion of the Report of the Secretary of State, herewith, transmitted, in relation to these subjects.

Every proper and judicious effort should be made by the State to promote immigration. No region of the earth can offer a better climate, or more varied or valuable natural resources than can be found in North Carolina.

Our agriculture, though it has improved in some respects since the close of the rebellion, is still in a languishing condition. This is a subject of primary importance.—I am gratified to state that the late State Fair exhibited decided indications of improvement and advancement in Agriculture and the Mechanic Arts. I trust the General Assembly will liberally foster the State Agricultural Society, and the District and County Societies, as affording the best means to stimulate production of all kinds. With energy, industry, and well directed labor and economy, we have much to hope for in the future; and if we are true to ourselves, and improve as we should the natural advantages which Providence has bestowed upon us, the day is not distant when the state will be richer, more prosperous and more enlightened than at any former period.

GEOLOGICAL SURVEY.

This survey, by the able State Geologist, Prof. W. C. Kerr, is still progressing in a satisfactory manner. The best interests of the State require that Prof. Kerr should be encouraged and sustained in this indispensable and valuable work.

THE PENITENTIARY.

The Commissioners appointed for this purpose have chosen a site near the City of Raleigh, which is believed to be every way fit and advantageous, and they are pushing the work with commendable skill, dispatch and economy. It is believed the stocks and the accessary buildings for the officers and convicts will be ready by the first day of January next, at which time the Counties will experience much relief in sending their State prison convicts to the Penitentiary. The report of the Commissioners will show in detail what they have done, and what will be required during the ensuing year to carry on the work.

THE INSANE ASYLUM.

The report of the Superintendent, Dr. Eugene Grissom, will show the condition of this institution. Many important improvements in the machinery, buildings and grounds have been made during the past year. But the Institution is crowded with the unfortunate, and there is an urgent claim on the humanity and benevolence of the State for considerable additions to the present buildings, or for another Asylum, to provide for a large number of insane who are now uncared for. Some such provision should be made, but it is for the General Assembly to decide whether additions should be made to the present buildings in Raleigh, or whether another Asylum should be erected elsewhere. I recommend that a liberal appropriation be made for the support of the Asylum for the ensuing year, and also for furnishing that building in a proper manner. I can not too highly commend the Superintendent for the ability and fidelity which he has exhibited in the performance of his duties.

THE DEAF AND DUMB AND BLIND.

It will be seen from the report of the Superintendent, W. J. Palmer, Esq., that this institution is in a prosperous condition.—For the session ending June 30, 1869, there were 154 pupils in attendance, 126 white and 28 colored, being an increase of 50 over the previous session. Attention is invited to the report of the Superintendent. His suggestions as to improvements for the better accommodation of these children are entitled to consideration. He has been zealous and indefatigable in the performance of his duties, and should be promptly and liberally sustained in his efforts to educate and improve the condition of those committed to his charge.

BOARD OF PUBLIC CHARITIES.

The Board of Public Charities, consisting of Drs. E. Grissom, William Barrow and G. W. Blackwell, Messrs. G. W. Welker and G. W. Gabaran, has organized by the appointment of Mr. G. W. Welker, President, and W. J. Palmer, Secretary.—They are making diligent inquiries into the condition of the prisons and poor houses of the State, and the number of insane, and other afflicted, and at a proper time will present a report to your honorable body.

DEPARTMENT REPORTS.

I transmit herewith the reports of the Auditor, the Superintendent of Public Works, and the Attorney General. These documents contain valuable information and suggestions, to which I invite your attention. These officers, with others referred to elsewhere, have been assiduous and faithful in the discharge of their respective duties.

FEDERAL RELATIONS.

The most cordial relations continue to subsist between the government of the United States and the government of North Carolina.

The administration of President Grant is receiving the approval of a large majority of the American people. The honesty and economy by which it is characterized, and its success in maintaining the plighted faith of the nation on its bonds, while it is constantly reducing the national debt, entitle it to the special commendation and support of all good citizens.

I regret to state that the fifteenth amendment, under which every man would be entitled to vote in every State, is not yet a part of the Constitution of the United States. This measure of justice will yet prevail. The colored man in Ohio or Illinois should have the same right to vote that the colored man has in North Carolina; and justice will not be done, and the Union will not have been reconstructed on an enduring basis, until this right is secured by the Federal Constitution itself, so as to place it beyond any changes that may occur either in popular opinion or in the administrations of the different State governments.

By the fourteenth amendment to the Constitution of the United States certain persons in the recently insurgent States are debarred the privilege of holding office at the hands of their fellow-citizens; but the Congress may, at pleasure, remove such disability. There are many citizens of States which did not engage in rebellion, who are technically exempt from this disability, but who were not more loyal to the government, and are not now more loyal than many citizens of this State who are only technically excluded from holding office.—I am not able to perceive that a citizen of a State that did not engage in rebellion who sympathized with the pretended Confederacy, and did all he could to discourage volunteering and to paralyze the national arms, is more loyal or more deserving of consideration than the Southern Unionist who occupied some small office, not with a view to aid the rebellion, but merely to escape conscription. There are several thousands of persons in this State of the latter class, who were at one time supremely attached to the national government, and who endeavored in every conceivable way to avoid fighting against the government of the United States, but who are now scorned and distressed, because, by the fourteenth amendment the very means they adopted to avoid doing violence to their judgments and consciences have been used to exclude them from office. Every citizen of this class, and every loyal citizen, is entitled to be at once relieved by Congress. There are several thousands of others in the State, who are either indifferent to the government or opposed to the acts of Congress by which the State was reconstructed. These persons have been sorely punished for their acts of rebellion. Even if disposed to thwart the action of the federal or State governments, they are powerless to do to so. They are chafed by the reflection that their former slaves can hold office, while they are excluded, and this reflection is magnified in their minds into the belief that the national government is disposed to pursue and punish them, simply because they had taken an oath to support the Constitution of the United States before they engaged in rebellion, while the obligation to support that instrument was equally binding upon all, and thousands upon thousands who never took that oath, but who were as deeply and as bitterly immersed in the rebellion as they were, are not banned or excluded. The nation can afford to be magnanimous. After nine years of rebellion, and strife, and civil discord, and social disruption and bitterness, a very large majority of the people of North Carolina long for peace, and harmony, and good will, and security for life and property. But this matter is in the hands of Congress. The States have no control over it. Let the nation show its power every where to maintain the laws, to punish those who may resist its authority, and to sustain the reconstructed States in securing to their citizens as thorough freedom, and as profound peace and quiet as exist in other States; but let it at the same time exhibit that magnanimity and mercy towards all, which, after nine years of conflict, and strife and ill will, would so admirably grace the freest, the proudest and the greatest people on the face of the earth.

In conclusion, gentlemen, allow me to say that I trust your deliberations will result in good to the whole people of the State. Let our trust be in God, who governs absolutely in the affairs of nations, that He will overrule all our councils for good, and that He will shower his choicest blessings on our beloved State.

W. W. HOLDEN, Governor.

Edgecombe Land For Sale.

I DESIRE TO SELL A PORTION OF MY Land in Edgecombe county, situated on the North side of Tar River, half way between Rocky Mount and Tarboro and within six miles of a shipping point on the Wilmington & Weldon Railroad.
The track containing Twenty-six hundred and fifty (2,650) acres. On it there is a comfortable Dwelling House, with eight rooms, all the necessary out houses. New barns, horse stables, Gin house &c., all in good repair.
This is considered one of the best Cotton Farms in the county, and the crop now on it, after such unfavorable seasons is ample proof of its advantages, as to fertility &c.
I propose to sell ONE HALF, say thirteen hundred (1300) acres which may be sub-divided into two or more farms, to suit parties wishing to purchase.
Capt. B. B. Gulon my Agent will take pleasure in showing the place and giving all information desired. If not disposed of sooner, I will on Monday the 20th of December, next offer it to the highest bidder, on the premises, in tracts of three, four and six hundred acres. I will also sell mules, horses, stock of all kinds, Corn, peas fodder and farming implements.
Terms very liberal, made known on day of sale.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 400 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

THE LEADING COMPANY IN NORTH CAROLINA IS

THE ÆTNA LIFE,

OF HARTFORD.

JULY 1ST, 1869.

Amount of Assets $12,000,000.00.

DIVISIBLE SURPLUS $2,675,999.48,

AND CONSTANTLY INCREASING.

ALL THE SURPLUS OF THE COMPANY DIVIDED AMONG THE ASSURED.

DIVIDENDS DECLARED AND PAID ANNUALLY ON THE CONTRIBUTION PLAN.

ALL POLICIES (AFTER TWO FULL PAYMENTS) NON-FORFEITABLE, AND SO EXPRESSED ON EACH POLICY.

No Restrictions as to Residence and Travel in the United States.

RATES LOWER THAN ANY OTHER COMPANY THAT PAYS DIVIDENDS TO POLICY-HOLDERS.

IT ISSUES ALL THE VARIOUS FORMS OF LIFE AND ENDOWMENT POLICIES.

LOSSES PAID PROMPTLY IN CASH.

LIST OF LOSSES ACTUALLY PAID BY THE ÆTNA LIFE INS. CO., AT THE BRANCH OFFICE, IN RALEIGH, BY THE HANDS OF W. H. CROW, GENERAL MANAGER OF THE STATE AND PART OF VA.

"	22,304	15,00

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

Knickerbocker,	$16,36
Equitable,	17,44
North America,	21,16
Brooklyn,	21,09
Universal,	27,54
John Hancock,	18,27
The National,	83,48
The Ætna,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fulness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,307 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars And this wonderful ratio of growth has been sustained in 1869."
